STYLED TO STUN

Even the merest glance at the stunning Mitsubishi Grandis is sure to make you take a closer look. This beautifully styled car is far from being just another MPV. In fact, it's as sleek and impressive as a sporting car. By providing you with the best of both worlds, the Grandis sets a new standard for its class. On the one hand, it's a luxury sporting estate for six or seven persons while on the other hand it's an eye-catching yet thoroughly practical multi-purpose vehicle. But it's the unique styling of the Grandis that justifies its position as Mitsubishi Motors' top-of-the-range MPV. This brochure features a wide selection of genuine accessories to complement the comfort and design of this magnificent car.

EXTERIOR STYLING

HARMONY IN STYLE

Once seen, the Mitsubishi Grandis is not easily forgotten. The flowing contours of its bodywork matched with elegantly designed headlamps, radiator grille and taillights lend this car a unique, harmonious and perfectly balanced style. In fact, the car is so well designed that it's hard to improve. Yet Mitsubishi Motors has come up with a range of equally stylish accessories that fit the Grandis like a glove. They add a subtle accent to the Grandis' already impressive looks without disturbing what it essentially is: one of the most stylish MPVs ever built.

EXTERIOR STYLING

YOUR OWN INDIVIDUAL TASTE

A stunning car like the Grandis is already very complete. However, Mitsubishi Motors would not be the company it is if it didn't allow you to customise it to your unique taste. So all of our genuine accessories have one thing in common: their quality and fit are unsurpassed. A graceful rear spoiler, side protection moulding and chrome accents will give your Grandis that individual, distinctive touch that reflects your personality.

A TOP INTERIOR FOR A TOP CAR

If you're thrilled by the outside of the Grandis, just wait till you see the inside. It's a true tour de force of contemporary interior design. Instruments are well placed, controls are ergonomically positioned and the total feel is of absolute luxury. After all, only first-class materials are good enough for a first class car. Yet even then, you can still add personal touches. Mitsubishi Motors has not only produced beautifully designed accessories, but a wealth of hi-tech extras as well, like a DVD navigation system with MDS touch screen and a rear seat DVD entertainment system for your passengers. The Grandis is every bit as stunning on the inside as on the outside.
